

Volleyball Officials-

As we noted previously, the Minnesota State High School League entered into an agreement with Smitty Official's Apparel to manufacture shirts for several sports and volleyball is one of those sports. These shirts are now available for purchase from General Sports of Edina by clicking on this link www.gs-officials.com/mshsl-volleyball There is a short sleeve and long sleeve version available.

This link will be live until July 14th. If you order your shirt via this link, it will be shipped to you on or around August 12th. You may also pick up the shirt after August 12th. There is an opportunity to save on shipping costs if Associations wish to order for multiple officials. We will send bulk ordering information to the Association contacts.

If you prefer to shop the retail store or the General Sports website, you can do so after July 22nd as supplies last.

The new shirts have the MSHSL logo that is sublimated and only Smitty is approved to manufacture these shirts.

Reminder: The new shirt is optional for the 2019-20 season if the R1 and R2 both use the new shirt(R1 may wear short sleeves and R2 may wear the long sleeve version). The previous white polo shirt or sweater may be used in matches this season. The new shirt will be required for varsity contests beginning in 2020-21.

These shirts look very sharp and we hope you will be pleased with the quality of the product. We recommend completing your order soon as demand will be high.

This past volleyball season finished in exciting fashion and we look forward to getting back onto the court!

Good luck in your preparation and thank you for your contribution to student-athletes of Minnesota!
