

Hope all is well,

Take a look at our Breakdown Summer Basketball Schedule. As you can see, we have more summer events than any other summer and based on our registrations it could be record numbers. All payment will be made by DK Sports.

What to do)

1. **Email me back and let me know which events could possibly work for you.** Indicate how many games you possible could do and indicate AM/PM or anytime works. Reminder everyone wants mornings, can't make that happen all the time. I am asking for some flexibility on AM/PM. Anytime you can travel to some out area the better and will get more games for traveling. I don't pay mileage, but as you know you can write off mileage on your taxes which is big come tax time.

Things to Know)

1. **Summer Series pay is \$34 per game. Summer State invite pay on June 30 & July 1 is \$40 per game with it being 3 person and stop time 18 minute halves.** Officials will be paid after each event. Most times I will have checks for you when done, but there will be times I will have to mail.
2. I do expect officials to be on time and ready 20-30 minutes before your first game. I consider many of you friends and your also professionals so please make sure this happens. I have docked peoples pay for being late so please make sure your on time.
3. Wear the new Grey officials shirts but also bring your stripes for every event. In the summer most officials will wear shorts.
4. I usually start assigning officials once I have finished the schedules for each event. This usually happens 5-7 days prior to the event starting. I will usually email officials what I need covered.
5. Once all officials are covered, I will email out the officials grid so all of you can see your partner and which court your officiating on. This usually happens a couple days before the event.
6. **Reminder just because you indicate your available to work an event, doesn't mean you are working. We have lots and lots of events, I will keep you busy!!!**
7. Please email me more than texting or calling. It helps me stay organized.
8. Just so everyone knows, I like changing officials partners. I think this is good for everyone especially during the winter season, you don't get to pick partners.

Why do these events)

1. Extra income is always nice and not only are you staying sharp for next year's Winter Season, but by working you are getting considered for our Big Breakdown Events which are all over the state. If you don't work in the summer or fall, you will not be considered for any winter events unless absolutely needed.

2026 Summer Events

June 7	Sauk Rapids	G/B
June 7	Tartan	G/B
